Join us for our **Bambini Group** for toddlers and parents. **Bambinis** will explore various media and different kinds of materials outdoors and indoors with a toddler teacher while the parents will participate in a support group led by Michelle Villegas. We will discuss different parenting concerns in a private area of the school. The class is designed to be a good support for parent education and will prepare children for transition to preschool.

Michelle Villegas is a licensed therapist specializing in children and families. Additionally, she serves as adjunct faculty at Antioch University teaching family therapy and child psychotherapy. She believes that parenting is an on-going learning process and as a parent she continues to learn daily.
